

— MICRONEEDLING —
Post-Care Instructions

- Avoid sun exposure
- After 4 hours, apply sunscreen that is broad-spectrum and at least SPF 30
- Use mild cleanser and do not scrub the area or use a washcloth
- Apply gentle moisturizer as needed
- For the next 7 days, avoid sun exposure and apply sunscreen daily to prevent pigmentation changes until the area is healed
- Do not rub, scratch, or pick the treated area
- If the area becomes tender or shows signs of infection - please call the office immediately.
